EDUCATION

College of engineering Bhubaneswar   **Patia, Bhubaneswar**
Master of Computer Application (BPUT)   *Nov 2023 - June 2024*
West Bengal University of Technology   **Balikuda, Jagatsinghpur**
Bachelor's Degree in Mathematics (Utkal University)   *Oct 2020 – Oct 2023*

EXPERIENCE

Gravitones Software Company   **Patia, Bhubaneswar**
Software Developer   *Dec 2023 - Present*
- Developed and maintained dynamic web applications using React.js/Next.js and built scalable mobile applications using React Native to meet client requirements.
- Designed and implemented reusable components to optimize application performance and ensure a seamless user experience across web and mobile platforms.
- Contributed to enhancing backend APIs and integrated them seamlessly into front-end applications, ensuring efficient data flow and performance.

Gravitones Software Company   **Patia, Bhubaneswar**
Web Developer Intern   *Aug 2023 – Dec 2023*
- Developed and optimized web applications using React.js, focusing on responsive design and interactive UI/UX features.
- Gained hands-on experience in API integration and state management to enhance application functionality.

PROJECTS

Vidyasagar LLM Admin   *Link*
- Developed and integrated APIs into the admin panel using **React**, **TypeScript**, **Zod**, **Zustand Tailwind CSS**, and **React Hook Form**.
- Improved the admin panel's efficiency by implementing form validation and dynamic data handling.

Gravitones Software Company   *Link*
- Designed and built the official website for Gravitones using **Next.js**, **Tailwind CSS**, and **Framer Motion**.
- Created interactive and visually appealing animations using Framer Motion to enhance user engagement.

VisaRoot   *Link* | *Play Store Link*
- Worked as a frontend developer, building both web and mobile applications using **Next.js**, **React Native (Expo)**, **Context API**, and **Tailwind CSS**.
- Developed reusable UI components and ensured seamless synchronization between web and mobile versions.

Mqueen Task App (Personal Project)   *Play Store Link*
- Worked as a full-stack developer, using **React Native (Expo)** for the mobile application and **Node.js, Express.js,** and **Twilio Platform** for backend services.
- Implemented task management features and real-time notifications through Twilio.

Sabse Khaas Pehelwan   *Link*
- Developed a registration platform for pehelwans to participate in wrestling matches.
- Built the application using **Next JS, TypeScript**, **Tailwind CSS**, **React Hook Form**, and **Zod** for form validation.

TECH STACKS

Web Technologies: React JS, Next JS, Typescript, Tailwind CSS, Framer motion, GSAP
Application Technologies: React native, Expo
Source Code Repository: GIT, GITHUB
SDLC: Agile, Scrum, Waterfall
